

# VS7

Setting the highest standards for today's commercial printer.

- Maximum rub resistance
- Extremely fast surface drying
- Excellent work & turn properties
- Immediate post-print processing
- Effortless trouble-free printing

When your printing requires exceptionally fast and hard surface drying along with maximum rub resistance, Vs7 process series is the ideal choice. On even the most demanding abrasive substrates, Vs7 will dry to an extremely resilient surface. In addition, Vs7 Series will demonstrate the absolute highest lithographic performance, boasting intense, consistent color and trouble free printing on all your offset presses.

Keep your presses productive and profitable with the one ink your business will thrive on. Vs7 from Van Son – reliability that keeps you printing.
