## 2 Ink Duct Foil and CPC Consumables

## 6 Ink Duct End Blocks

- Duct insulating strips
- Scraper cleaners
- Heidelberg PM/QM dampening seals
- Kompac dampening seals
- Cleaning felts (bearer wipes)

## 13 Performance Non-Woven Wash Cloth

## 14 Recirculation Filters

- Filter bags
- Eliminator ink absorbent mesh bags
- Filter mats
- Misting filters

## 21 Anti-Marking Paper and Film

## 22 Cabinet Air Filters

## 24 Feeder Belts and Slow Down Belts

- Belt gluing unit and belt glue

## 36 Sheet Separators and Feeder Brushes

## 46 Brush Wheels and Rubber Wheels

## 56 Hickey Removers

## 60 Master Pack Underlay Packing Paper

## 61 Doctor Blades and Tresu D2 Seals

- Steel and brass brushes for anilox rollers

## 62 Miscellaneous

- KBA – various parts
- Mitsubishi - various parts
- Komori – various parts
- Goss sheet guides

- Lifting sucker nozzles
- Blanket wash profile rubber
- Tower coater blades
- CPC buttons
- CPC Servo motors
- Festo valves and servo drives
- Plate springs
- Gauged steel (ink roller adjustment)
- Pneumatic springs
- Oil, air and fount filters
- Sheet smoothers (hold downs)
- Sheet stops (guide straps)
- O-rings
- Parts for Platen T and GT
- Tools
- Wash-up bottles, sponges, scrubbers, wiper pads, brass and steel brushes

## 78 Grippers and Gripper Pads

## 82 Ink Knives and Ink Can Openers

## 84 Paper Wedges, Paper Pile Corners and Reel Cutters

## 86 Magnifying Glasses

## 88 Cutting Sticks, Magnetic Pads, Knife Guards and Jogger Blocks

## 92 Cylinder Jackets

## 96 Wash-up Blades

# Ink Duct Foil and CPC Consumables

The Elite Foil range is manufactured to high tolerances from top-grade PET material ensuring:

- Maximum chemical, thermal and mechanical strength for long life without ink duct contamination.
- Only virgin resin suppliers are used - no recycled polyester.
- Tested using both conventional and UV inks.
- Permanently formed for a secure and accurate fit.
- Compact, low volume packaging for safe, easy and cost effective transportation and storage.

# CPC CONSUMABLES

**Code: TESAM**  
00.580.1010

## TESAMOL STRIP

An adhesive foam for placement under the ink duct foil.

Packed in a convenient clear plastic container with perforated opening for easy removal and safe storage.

9mm x 6mm x 10m/roll

**Code: PUNPF Sheet-fed**  
00.472.006

**PUNPFWEB WEB8 & WEB16**  
00.472.0012/0023

## PROTECTIVE UNDERLAY FOIL

A two-band bi-adhesive foil for placement under the ink duct foil.

Packed in a convenient clear plastic container for safe storage.

PUNPF for sheet-fed presses  
Size: 70mm x 25m/roll

PUNPFWEB for WEB 8 & 16  
Size: 95mm x 25m/roll

Also available in rolls of 12 pieces pre-cut to individual press sizes.

**Code: PUNPF52N** 62.82.008.419F/02

**Code: PUNPF7475N** L2.82.008.119F/02

**Code: PUNPF102105N** 82.008.119F

**Code: PUNPF145N** 66.008.159F

**Code: PUNPF162N**

## NEW PROTECTIVE UNDERLAY FOIL

New style protective underlay foil with bi-adhesive tape and hard edge profile for easy fit.

**Packing: 12 pieces/box**

PUNPF52N for SM52  
Size: 90mm x 547mm

PUNPF7475N for SM74/CD74/XL75  
Size: 90mm x 775mm

PUNPF102105N for SM102/CX-CD102/XL105  
Size: 90mm x 1068mm

PUNPF145N for XL145  
Size: 90mm x 1478mm

PUNPF162N for XL162  
Size: 90mm x 1672mm

# Ink Duct End Blocks

for Heidelberg Presses and Kompac Systems

## Cleaning Felts

*Master* ink duct end blocks are made of the highest quality engineering grade plastic polymer (POM) which can endure high cyclic stress loading. This ensures high strength and wear resistance translating into a long life in production.

*Master* ink duct end blocks are precision engineered on modern CNC machines ensuring an exceptional tight fit to the ink duct roller.

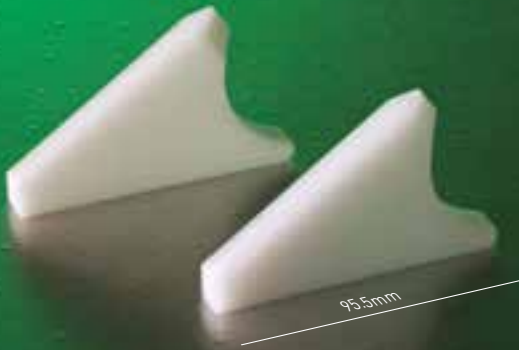

*Master* ink duct end blocks are, wherever required, supplied with tab, screw and scraper cleaner mounted and ready to use.

# PERFORMANCE

Non-Woven wash cloth

Master Performance is a premium non-woven wash cloth specifically developed for automatic blanket cleaning systems.

Highly absorbent yet incredibly strong, Performance wash cloth removes ink, dust and impurities from the blanket quickly and completely in one safe operation without distorting or tearing under tension.

Performance cloth provides an unbeatable combination of competitive prices and excellent qualities such as:

- high tear resistance
- high absorbency
- virtually lint free
- non scratching
- effective and efficient cleaning

**A perfect dot needs a clean surface!**

## PERFORMANCE MINI ROLLS

Each Performance mini-roll is precisely made for an exact fit giving a superior cleaning performance.

Each roll is manually inspected to ensure sharp shoulders, straight edges and correct circumference. The rolls are then packed in extra strong double sided corrugated boxes.

## JUMBO ROLLS

500M jumbo rolls are available for in-house re-winding of mini-rolls.

Supplied in many sizes for all printing machines with automatic blanket cleaning systems.

Request a price list for our complete range.

## TECHNICAL DATA

Performance cloth is specifically developed for Automatic Blanket Cleaning systems. It is manufactured with a mix of 55% cellulose and 45% polyester fibers utilizing a high pressure hydro-entanglement process.

## WET ROLLS

Performance wet rolls are available in all standard sizes for:

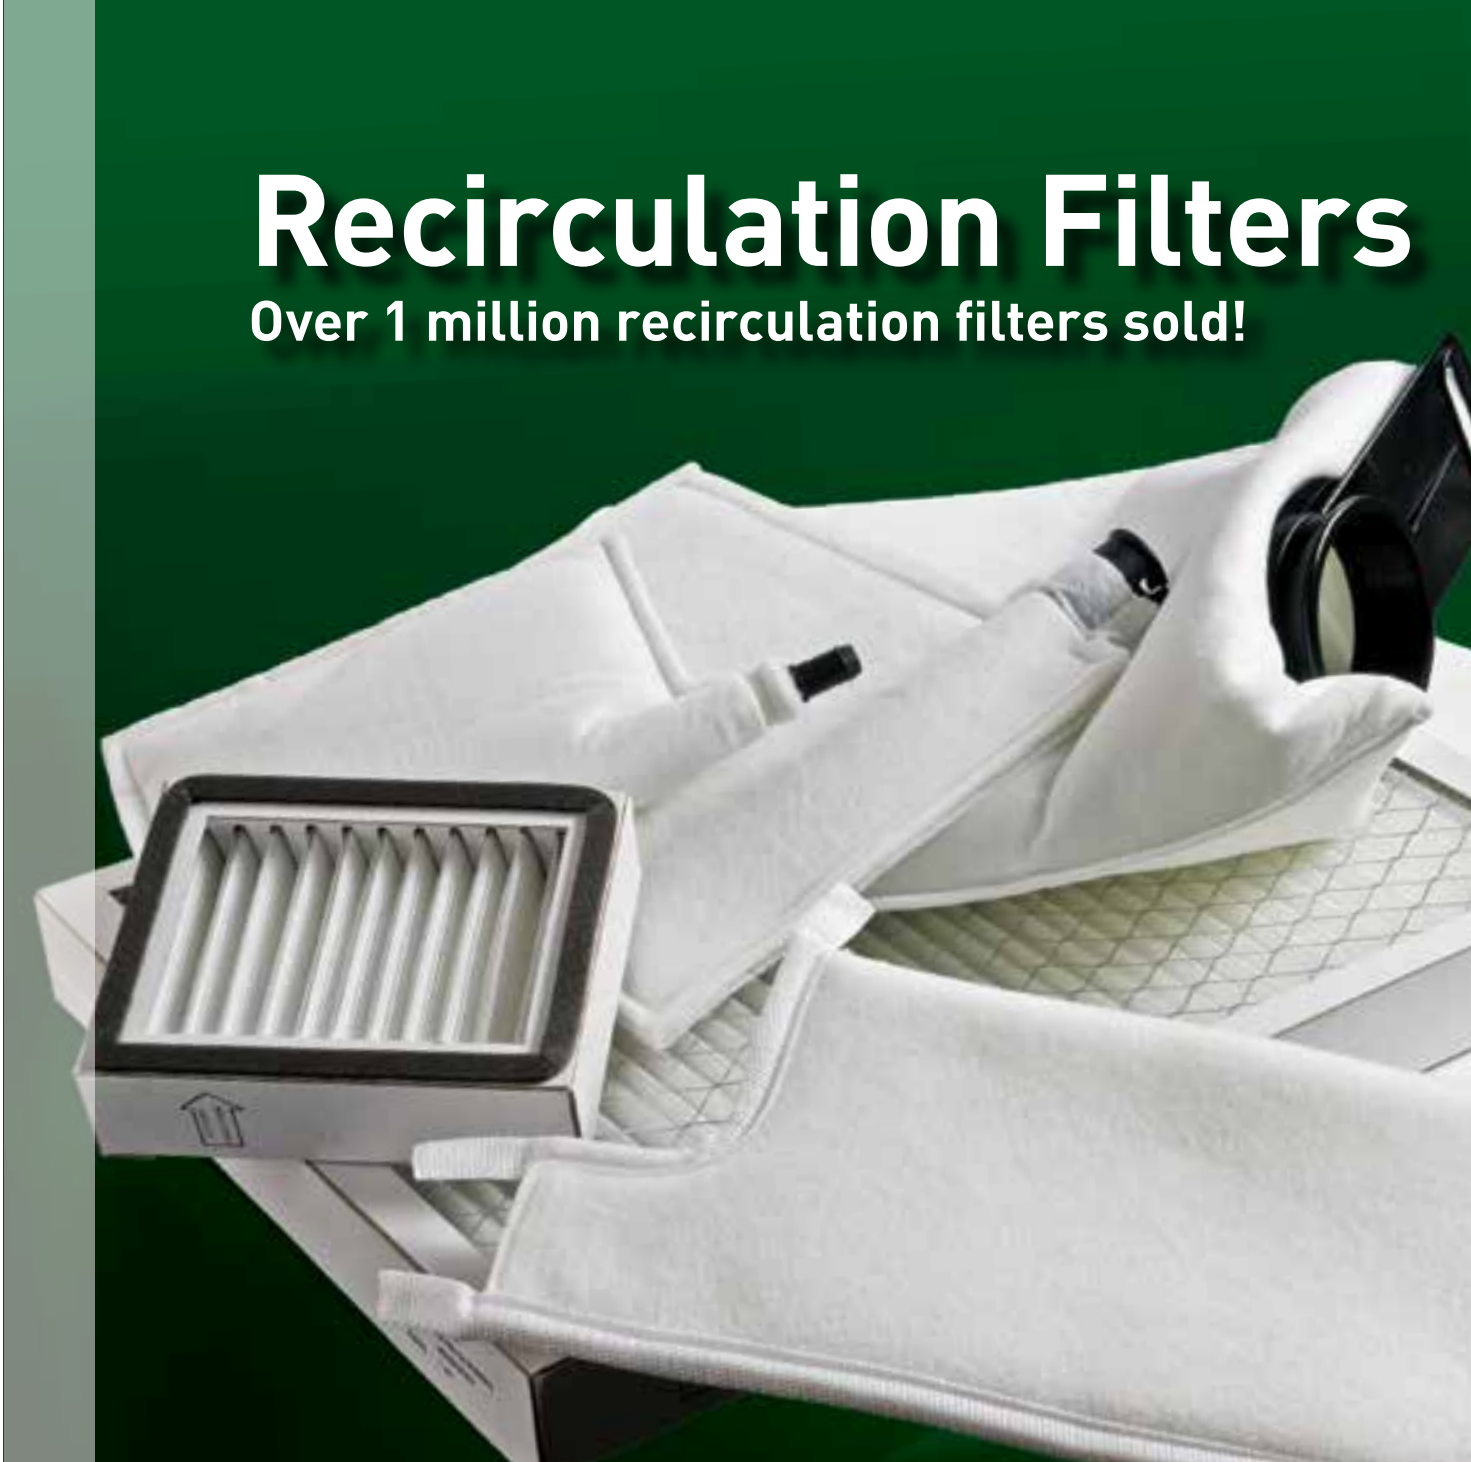

Sheet-Fed Presses: Akiyama, Fuji- Shinohara, Heidelberg, KBA, Komori, Mitsubishi, Oliver Sakurai, Roland and Ryobi.

Web Presses: Goss, Heidelberg, Komori, MAN and Mitsubishi.

*A* MasterPRODUCT

# Recirculation Filters

Over 1 million recirculation filters sold!

We work hard to produce high quality, high value products which enable presses everywhere to run more efficiently.

Our long line of replacement and custom designed re-circulation filters are tough, long lasting – and guaranteed to meet or exceed every printer's expectations.

*Master* filters of which several models are made with multi-layer design, remove most contaminants ensuring a consistently cleaner fount, improving accurate monitoring of fount conductivity, thereby reducing down time and giving long press runs and less maintenance.

Made in high quality felt, polyester or nylon, Master recirculation filters are carefully fabricated and come with a wide assortment of fittings ensuring ease of installation and compatibility with most press models on the market.

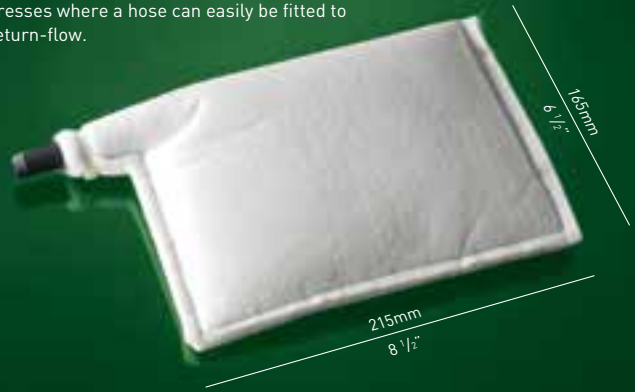

All *Master* filters undergo extensive field testing and provide a high contaminant loading and long service life.

## RECIRCULATION FILTERS

### Code: FILTER01

For Royse systems. Also widely used on all types of Heidelberg, Komori and Roland presses where a hose can easily be fitted to return-flow.

### Code: FILTER02

For Master Flow systems. Also used on some Royse systems.

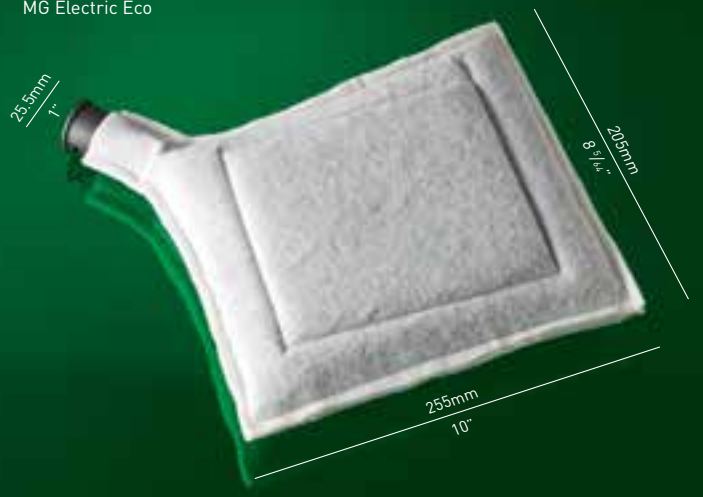

### Code: FILTER03

For Technotrans systems (old style)

### Code: FILTER04

For Technotrans systems (new style) and MG Electric Eco

# RECIRCULATION FILTERS

Code: **FILTER05**

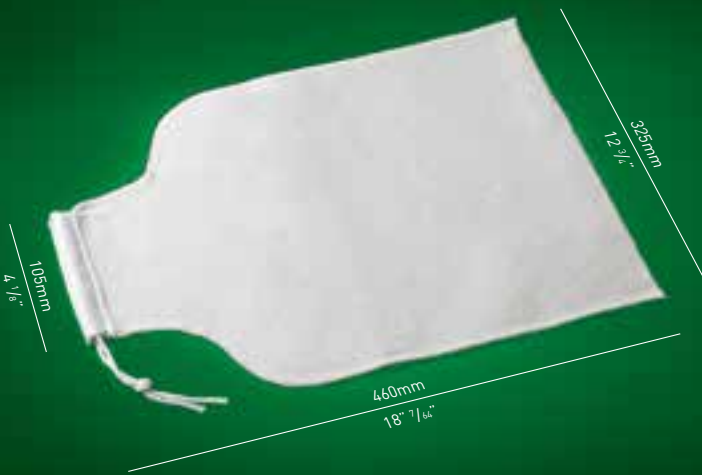

Code: **FILTER06**

For Technotrans Alpha D systems fitted to Heidelberg, Komori, Roland and various other presses. Can also be used on Baldwin units which have similar neck fitting.

Code: **FILTER07**

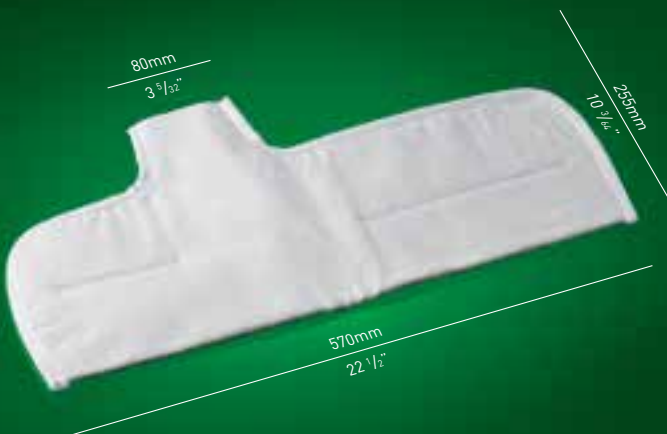

Code: **FILTER08**

Technotrans

**Code: FILTER29**

Note:  
Avoid mistake between  
FILTER15 and FILTER29.  
FILTER15 is 10mm shorter  
and the most popular size.

## ELIMINATOR

### Removes emulsified ink!

The Eliminator is a durable nylon-mesh bag filled with ink absorbent material which effectively prevents contamination of the dampening system.

Simply place the Eliminator in the circulation tank and it will float on the surface of the fountain solution removing all emulsified ink.

Size: 200x115x25mm 8"x4 1/2"x1"

Packing: 8 pcs/box

# MISTING FILTERS

## Code: **FILTERMIST01** F4.010.102/02A

Misting filter for Heidelberg XL105

Size 1060 x 120 x 20mm

41 47/64" x 4 23/32" x 25/32"

Packing: 6 pcs/pack 2 packs/box

## Code: **FILTERMIST02** F4.010.214/F

Misting filter for Heidelberg XL106

Size: 1155 x 365 x 20mm

45 1/2" x 14 1/2" x 25/32"

Packing: 6 pcs/pack 2 packs/box

# Master Anti-Marking Systems

The Master anti-marking film and paper is coated with a uniform layer of over 2500 microscopic silicon glass beads per sq/cm.

The ink repellent glass beads prevent ink smearing on the transfer cylinders and ensure that only the smallest possible area is in direct contact with the wet ink during transfer of the printed sheet. The net result is less marking and much less down time.

Bonded to the backing substrate with a hardened polyurethane adhesive both the anti-marking film and paper are resistant to ink, oil, standard press wash-up solvents and water.

## Anti-Marking Paper

This oil impregnated, dimensionally stable paper, offers the most economical solution to problems with marking.

**Universal Model**  
Code: AMP  
Size/roll: 1150mm x 20m  
Packing: 4 rolls/carton

## Anti-Marking Film

The premium quality anti-marking product with polyester backing. Extremely durable and favored by most printers. Available in two models:

**Fine** Code: AMF  
**Coarse** Code: AMFC  
Size/roll: 1150mm x 50m  
Packing: 1 roll/carton

## Anti-Marking Film Self-Adhesive

Also with polyester backing but with the added benefit of a self-adhesive backing for quick and easy installation. Available in two models:

**Fine** Code: AMFA  
**Coarse** Code: AMFAC  
Size/roll: 1050mm x 25m  
Packing: 1 roll/carton

### Easy Installation:

Installation is simple:  
Clean the surface of the transfer and delivery cylinders.

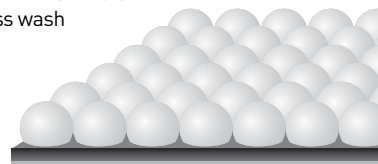

Smooth the film onto the cylinders using either the:

- self-adhesive backing of the AMF-A or
- in case of the AMP paper or AMF film by using double sided adhesive tape or spray-on adhesive.

No press modifications are necessary.

### Quick Cleaning:

To keep the AMF and AMP in perfect running condition occasionally wipe it down with a rag wetted with a mild or diluted press wash solution.

Red cylinders indicate a typical installation of anti-marking film or paper.

### Universal Application:

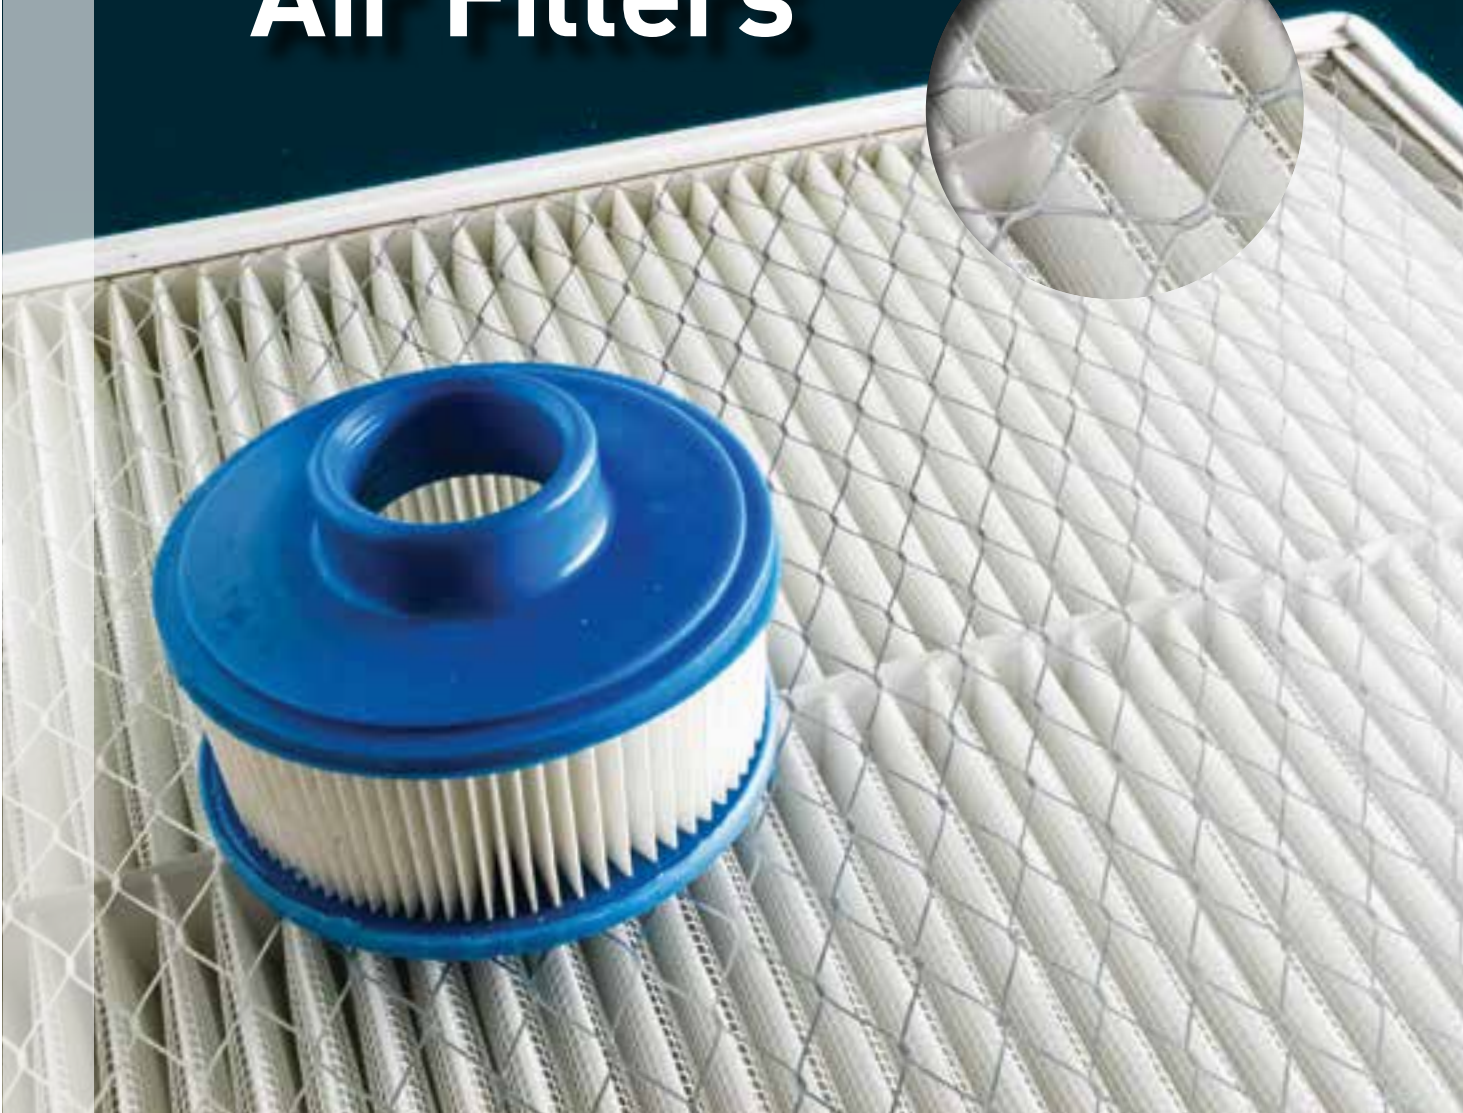

The AMF and AMP can be used by all commercial printers on both coated and non-coated paper, from light to heavy stock.

- Long lasting top quality anti-marking system at affordable price
- Simple, cost effective alternative to other anti-marking products and air drums
- Prevents costly wasted sheets due to ink build-up on transfer and delivery cylinders
- Quick and easy to install - no press modifications or cylinder surface treatments needed
- Resistant to ink, oil, standard press wash-up solvents and water
- Uniform thickness - dimensionally stable base substrate

# Feeder Belts and Slow Down Belts

Quality belts for the printing industry!

Using the best materials available and state-of-the-art manufacturing equipment our team of professionals can assure you of a superb product.

*Master* Belts are found throughout the printing industry handling the most demanding belt applications.

We supply all types of belts elastomer, wear resistant polyurethane, woven endless, self tracking, vacuum, with or without carcass, covered, sealed, fused and anti-static you name it and we can make it to your specifications.

Our computerized punching machines can make almost any pattern of round perforations for vacuum belts and other shapes may be available with extra charge for tooling or special die.

Let us work with you toward a profitable, top quality product guaranteed to meet your highest expectations.

# BELT GLUING UNIT

**Code: KADH**

**Strong glue for belts**

10ml/bottle - 15 bottles/box

## BELT *Master* BELT GLUING UNIT

**Code: BMGM**

- For belt width up to 90mm/3 1/2"
- Even heat distribution
- Automatic temperature regulation
- Light, handy and easy to use

### UNIQUE PACKAGING

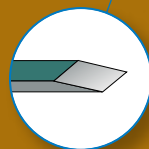

**HEIDELBERG M0**  
**Code: FBM0**

For easy handling and safe storage with clear, precise labeling detailing product code, press model, length and width.

### PERFECT SKIVING

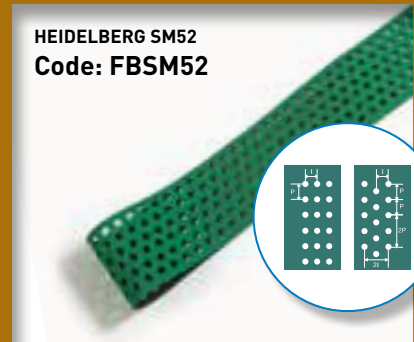

**HEIDELBERG SM74**  
**Code: FB74N**

For accurate and easy assembly!

### PERFORATED BELTS

**HEIDELBERG SM52**  
**Code: FBSM52**

Perforations enable the belts to have air suction ensuring the material is conveyed as intended and also allows for cooling air to pass through.

Examples of precise perforation patterns. Perforations can be executed according to customer's specifications.

# MASTER<sup>®</sup> DOCTOR BLADES

## FOR SHEET-FED OFFSET PRESSES

High quality, anti-corrosive stainless steel doctor blades. Excellent for all coating applications.

- Anti-corrosive
- Excellent for water-based inks, coatings and other products with high pH values
- Superior service life compared to standard blades

Code	Width x Thickness	Length of Roll	Coating Unit Type
DSS2520100	25mm x 0.20mm	100M/Roll	Harris & Bruno
DSS2820100	28mm x 0.20mm	100M/Roll	Harris & Bruno
DSS3220100	32mm x 0.20mm	100M/Roll	Harris & Bruno
DSS3520100	35mm x 0.20mm	100M/Roll	TRESU

Also supplied in pre-cut lengths for all press models.

Made from high quality German steel with extreme tensile strength.

The hardness and uniform material structure guarantee a high wear resistance and a long service life.

Manufactured with a thin lamella profile on the front edge of the blade giving outstanding doctoring from the very first sheet.

# Wash-up bottles, sponges, blanket scrubbers, wiper pads, steel and brass brushes

## Code: WU16

Description: Wash-up bottle - 500 ml/16 oz

Packing: 1 piece

## Code: WU32

Description: Wash-up bottle - 1 liter/32 oz

Packing: 1 piece

New flexible nozzle / cap

All supplied in a box with 4 bottles

## Flexible nozzle

This 1 liter bottle - clear with small cap has a flexible nozzle/straw.

## Code: WU1000

Description: Wash-up bottle - clear with straw - 1 liter/32 oz

Packing: 1 piece

## Code: WU32S

Description: 1 set comprising 4 bottles and 7 caps with straws:

4 red, 1 yellow, 1 blue, 1 black

Packing: 1 set/box

## VISKOVITA SPONGES

### Code: VSPON

This 115x35mm compressed cellulose sponge swells to a handy 150 x100mm. Highly durable it does not break down even after prolonged use with pressroom chemicals.

Packing: 1 piece wrapped in cellophane

## BLANKET SCRUBBER

The Blanket Scrubber effortlessly cleans off ink, gum, varnish, paper lint, clay and spray powder from the blanket as well as rollers and press frames.

The Blanket Scrubber is an open mesh nylon pouch containing a cellulose sponge.

The scrubbing action of the Blanket Scrubber completely cleans and rejuvenates the blanket surface.

One scrubber will replace hundreds of shop towels.

Simply soak the Blanket Scrubber in your favorite blanket wash, squeeze out excess liquid and it is ready to use.

### Code: SCRUBBERM

Description: Blanket Scrubber Medium - Green

Size: 114x159mm/4 31/64" x 6 17/64"

Packing: 6 pcs/pack

### Code: SCRUBBERXL

# Ink Knives

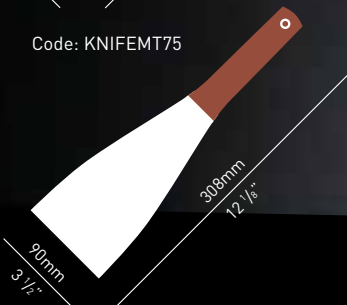

Code: KNIFEMT45

Code: KNIFEMT60

Code: KNIFEMT75

Code: KNIFEMT90

## INK KEYS

Code: **INKKEY**

### Ink Key Large

Ink key for standard vacuum ink cans  
Packing: 10 pcs/box

Code: **INKKEYS**

### Ink Key Small

Ink key for Japanese and small ink cans  
Packing: 10 pcs/box

## PLASTIC INK KNIVES

### Code: KNIFE

4 knives/box - 25 boxes/carton  
270 x 70mm (10 3/4" x 2 3/4")  
Yellow, red, blue and black

Print name or logo  
with order of  
500+ sets

World Ink Corporation  
1-800-888-8888

## WHITE FLEXIBLE PLASTIC INK KNIFE

### Code: KNIFEJ

White flexible plastic ink knife  
300 x 80mm (11 3/4" x 3 1/8")  
Packing: 1 piece

# Paper Wedges

# Aluminium Paper Pile Corners

Precision cut to exact height and uniformly bent

- Conveniently punched holes for easy handling
- Rounded corners and edges to protect hands and fingers
- Space saving - easily stacked and stored in a cabinet

Code	Size (inch)
<b>PPCRNR6X5</b>	<b>6" x 5"</b>
<b>PPCRNR9X5</b>	<b>9" x 5"</b>

Packing: 8 pcs/box

# PAPER WEDGES

All 3 models are also offered individually.

**Code: WEGL** Large wedge  
**Size (LxWxH)** 200 x 80 x 25 mm  
 7 7/8" x 3 5/32" x 1"

**Code: WEGM** Medium wedge  
**Size (LxWxH)** 200 x 60 x 30 mm  
 7 7/8" x 2 23/64" x 1 1/4"

**Code: WEGS** Small wedge  
**Size (LxWxH)** 200 x 30 x 30 mm  
 7 7/8" x 1 5/16" x 1 1/4"

**Combi Pack**  
**Code: WEGC1** 1 small, 1 medium, 1 large wedge

**Code: WEGB** Baby wedge  
**Size (LxWxH)** 100 x 33 x 29 mm  
 3 15/16" x 1 19/64" x 1 9/64"  
 Packing: 4 pcs/box

**Combi Pack**  
**Code: WEGC2** 2 large wedges  
 Packing: 2 pcs/box

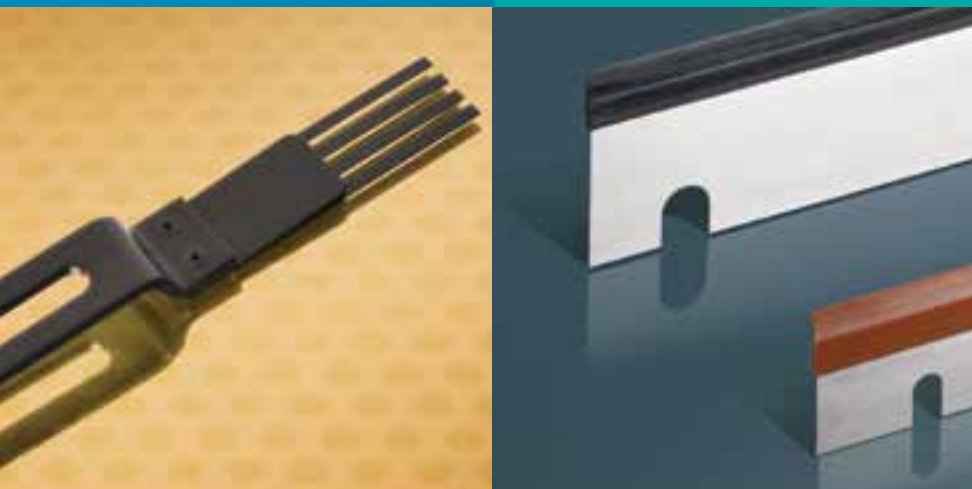

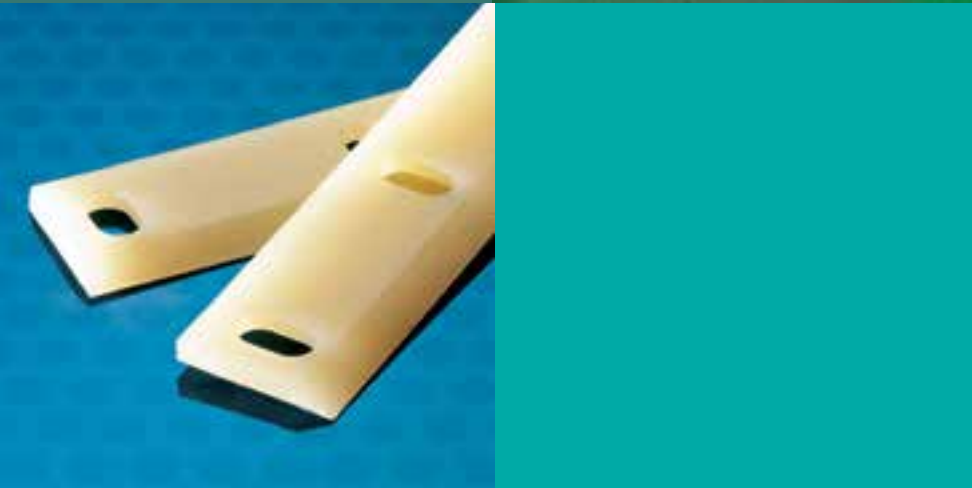

# REEL CUTTER

**Code: RCUT** Large wedge  
**Size (LxH)** 245 x 95 mm  
 9 1/2" x 3 5/8"  
 Packing: 1 piece

**Combi Pack**  
**Code: WEGC3** 2 small, 2 medium wedges

### **7553**

Illuminated Microscope with focus and **50X magnification.**

This model is produced in black and clear hard durable plastic and delivered in individual black vinyl pouches in printed cardboard boxes.

**7553**

### **OPENBRIG 10X**

Openbrig magnifying glass with **10X magnification.**

The Openbrig magnifying glass is produced in strong black and clear PVC and delivered in individual round vinyl pouch with zipper.

**OPENBRIG10X**

### **MEASURING GLASS 10X**

Measuring magnifying glass with **10X magnification.**

The measuring glass has an aluminium stand with a glass bottom, showing millimeter measurements. It is produced in strong black plastic with optical lens and delivered in individual cardboard boxes.

**MGLASS10X**

# Magnifying Glasses

All magnifying glasses can be delivered with name and logo printed on the magnifying glass.  
Minimum order for printing is 500 pieces of individual models.

MAG6X, MAG8X and MAG10X are produced in black lacquered metal with two optical glass lenses in small individual vinyl pouches

## **MAG6X**

Large magnifying glass with **6X magnification**

## **MAG8X**

Medium magnifying glass with **8X magnification**

## **MAG10X**

Small magnifying glass with **10X magnification**

## **MAGLIGHT10X**

Magnifying glass with **10X magnification** with light and measuring scale in mm and inches. Supplied in a vinyl pouch with batteries being optional.

## **MAGSOL6X**

Large magnifying glass with **6X magnification**. Solid back - giving extra space for company name, logo or general advertising. This model is produced in black lacquered metal with one optical glass lens. Supplied in vinyl pouch.

# Cutting Sticks

## CUTTING STICKS FOR GUILLOTINES AND THREE KNIFE TRIMMERS

Complete in-house design and production capabilities allows us a high level of control every step of the way. Skilled chemists and engineers work together to ensure the finished products meet the needs of our customers.

*Master* Cutting Sticks are manufactured in modern production facilities to original equipment manufacturer specifications with tolerances of +/- 0.025mm (+/- 0.001") and our engineering staff select materials that optimize the performance and durability of all products.

All cutting sticks are manufactured with virgin plastic compounds formulated for each application and comply with world-wide environmental regulations.

### General Product Guide

Material	Colour	Quality	Hardness Shore "D"	Application
uPVC	Red	Original	80-82	Standard steel knives
HDPE	Green Or White	Economy	67-68	All knives except TCT
PP	Grey Or Red	Universal	72-75	All knives
Nylon	White	Premium	80-83	HSS & TCT knives

**B**

PP or Nylon cutting sticks with 2 beveled edges for certain Kolbus trimmers.

**BS**

**4H**

4H are cutting sticks with 4 holes in each end for IDEAL guillotines.

**QR1**

**QR2**

QR1 & QR2 are "Quick Release" cutting sticks for IDEAL 4205, 4215 and 4250 as well as 4305, 4315, 4350 and 4705 cutting machines.

**SPECIAL SIZES**

Each pack of cutting sticks is clearly labeled with a product code describing type of material, size and length for easy identification.

# Mag Pads

An inexpensive way to protect your delicate paper stock (like NCR and carbon) from marks or damages often caused by guillotine clamps.

Also excellent for protecting products with uneven surfaces such as perfect bound booklets.

The high density foam pad prevents sharp edges of the clamp fingers from marking the stock.

The Mag Pad is securely held in place on the clamp during cutting by the tough magnetic rubber surface lining the back side of the pad.

Quick and easy to use. This Mag Pad will not damage the knife if cut into - making it a perfectly safe product to use.

**Code: MAGPAD381X76**

Size: 381x76mm (15"x 3")

Packing: 2 pads/pack

# Knife Guards

## For Guillotines and 3-Knife Trimmers

Our heavy duty knife guards ensure excellent protection of the knife edge off and on the machine, during servicing of the machine as well as when transporting the knife.

The knife guard is made of thick, durable, red UPVC, equipped with a wide magnetic strip and formed to ensure the knife guard is held securely in place on the knife.

Black and yellow safety hazard strips are applied on both sides for increased safety. Supplied cut to size or in 2 meter length for local sizing. Order knife guards 20-30mm longer than the length of the knife.

Knife guards can also be supplied with end stops/screws according to customer specifications.

### Code: KGUARD

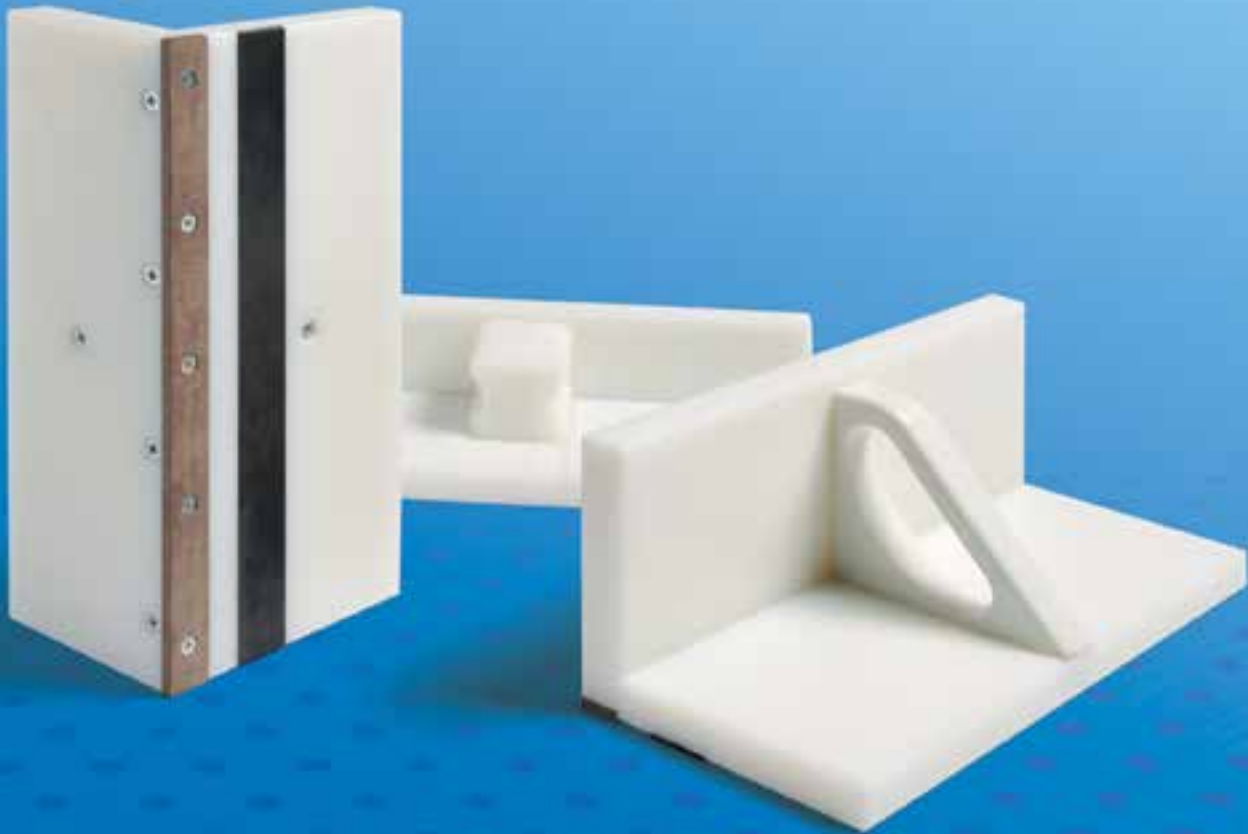

Size: 60mm width in any length up to 2 meter

Packing: 1 piece supplied in plastic sleeve

### Frequently ordered sizes:

# Jogger Blocks

*Master Jogger Blocks* are made in tough, durable HDPE plastic and come with a Tufnell wear strip ensuring bottom sheet accuracy is maintained throughout the jogger blocks long working life.

Each jogger block is equipped with a magnetic strip in the base to help jog bottom sheets perfectly.

All medium and large jogger blocks are supplied with the “pistol grip” handle for comfortable long term use.

This unique grip handle is not only more comfortable to use but also much stronger than the standard round “pin” handle in case the jogger block is accidentally dropped.

Each jogger block is thoroughly tested before shipment and packed individually in a strong box with padding.

<b>Code</b>	<b>Height x Length</b>
-------------	------------------------

With comfortable block handle

**JB75X250** 75 x 250mm

**JB75X300** 75 x 300mm

# Wash-up Blades

Our wash-up blades are manufactured to fine tolerances for perfect fit on old and new presses alike. They are resistant to chemical attack from inks and solvents and are highly efficient and durable.

A perfect profile ensures excellent wash-up results each time, reducing the amount of wash-up chemicals used and reducing down-time on the press.

Our blades are available for the vast majority of offset sheet-fed, web and continuous form presses in either metal/rubber, metal/urethane, rubber (EPDM), plastic or Tufnol format. Each individual blade is presented in a plastic sleeve with the machine reference for easy identification.

- Size and style specification guaranteed
- High resistance to wear
- Accurate fit first time - no adjustment required
- Corrosion-proof steel
- Chemical resistant rubber and plastic
- Individually packed in protective sleeve
- Moulded rubber tip chemically bonded - no breakdown

- Metal/Urethane

d 700 - Plastic

for flat suckers

## World-wide distribution of rubber suckers for the printing and packaging industry

The Master rubber sucker range has been developed over decades and is now distributed world-wide. Produced to original manufacturers' specifications our rubber suckers cope easily with the demands of to-days high speed printing presses.

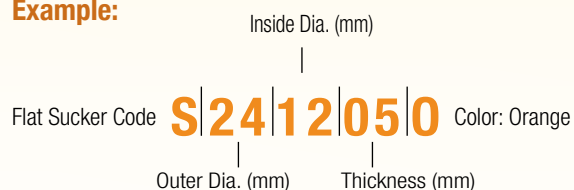

### Shaped Suckers – Alphabetically listed

On the following pages you will find, alphabetically listed, shaped suckers for nearly every press in the printing industry. We are continuously adding suckers for new or less known machine models so if you cannot find the rubber sucker you need please enquire. There may be times when the color of the sucker supplied does not match the picture in the leaflet, however the quality and material used will always remain unchanged.

### Flat Suckers – Quick and easy identification system

All flat suckers are color coded according to thickness and the product code incorporates all dimensions as well as the color of the sucker enabling quick and easy identification:

#### Example:

#### Color code:

Our rubber suckers are colored according to thickness

Orange	O	N/R	0.5mm	1/64"
Grey	G	N/R	0.8mm	1/32"
Blue	B	N/R	1.0mm	3/64"
Yellow	Y	N/R	1.5mm	1/16"
Green	N	N/R	2.0mm	5/64"
Red	R	SIL	1.0mm	3/64"
Red	R	SIL	1.5mm	1/16"
Clear	C	PER	various	Heidelberg

#### Material:

N/R = Natural Rubber  
PER = Synthetic Material  
SIL = Silicon

## HEIDELBERG

### Quick reference guide

All flat rubber suckers for Heidelberg press models are kept in their original colors and have special product codes for easy identification:

Flat Rubber Suckers

## Flat Suckers – Quick and easy identification system

All flat suckers are color coded according to thickness and the product code incorporates all dimensions as well as the color of the sucker enabling quick and easy identification:

**Example:**

**Color code:**

Our rubber suckers are colored according to thickness

- Orange O N/R 0.5mm 1/64"
- Grey G N/R 0.8mm 1/32"
- Blue B N/R 1.0mm 3/64"
- Yellow Y N/R 1.5mm 1/16"
- Green N N/R 2.0mm 5/64"
- Red R SIL 1.0mm 3/64"
- Red R SIL 1.5mm 1/16"
- Clear C PER various Heidelberg

**Material:**

- N/R = Natural Rubber
- PER = Synthetic Material
- SIL = Silicon

**Packing:** 25pcs/pack

# LubeClean

## LUBRICATES AND CLEANS!

### Code: LUBECLEAN

LubeClean is an exceptional product that has taken the graphics industry by storm. Formulated to prevent friction burn-up of ink rollers on idle printing units during printing, LubeClean also gently deep cleans and rejuvenates the rollers!

LubeClean cleans off quick and easy at the end of the shift and contrary to other products on the market it has a very pleasant fragrance.

LubeClean does not harm plates or blankets and works with both conventional and UV ink.

#### Instant benefits:

- Lubricates AND deep cleans inking rollers
- Will not harm plates or blankets
- Quick and easy to clean off at the end of shift
- Pleasant fragrance during use
- Works with conventional and UV ink
- Non-caustic
- Non-toxic
- Non-flammable

Packing: 900 gram (2.0 lbs)/can - 12 cans/box

# Master PRODUCTS

Dedication to customer satisfaction and quality products as well as investment in modern production facilities have ensured that Master products are now distributed world-wide.

This rapid expansion rests on a firm foundation of old fashioned business principles:

- Quality products
- Competitive pricing
- Quick delivery
- Innovative product and packaging design

All *Master* products have been thoroughly tested in the international market and are accepted for their high performance and durability.

Any reproduction, in whole or part of this catalogue is strictly prohibited. All rights reserved.

## ROLLER MASTER

A new, highly effective, "easy to apply" roller cleaning paste. Excellent for both UV and standard ink.

This "non-grit" formulation has no impact on plate wear and no harmful effect on rubber or chrome rollers.

Roller Master maintains rollers in perfect "like new" condition.

### Code: RM1

- Removes ink, glaze and calcium from roller surfaces
- High viscosity, "easy to apply" paste
- Contains no abrasives, will not cause plate wear
- Will not harm NBR or EPDM rollers
- Contains no strong solvents
- Stable in a wide range of temperatures
- Zero VOC

Packing: 1 kilo (2.2lbs)/can - 12 cans/box

## Deletion/Addition Pens

A great range of pens made with a special long lasting tip.

Packing: 10 pens per box

Deletion Pens: Removes image quickly and safely on all positive and most negative plates.

Code:	Description:
<b>DPENF</b>	<b>Deletion pen with fine tip</b>
<b>DPENL</b>	<b>Deletion pen with medium/large tip</b>

CTP Deletion Pens: Only for thermal CTP plates and not for use with violet plates.

Code:	Description:
<b>CTDPENF</b>	<b>CTP deletion pen with fine tip</b>
<b>CTDPENL</b>	<b>CTP deletion pen with medium/large tip</b>

Addition Pens: Great touch up pens to fill in pin holes, repair broken solids and add image on all metal plates.

Code:	Description:
<b>ADPENF</b>	<b>Addition pen with fine tip</b>
<b>ADPENL</b>	<b>Addition pen with medium/large tip</b>

## Positive Deletion Gel

### Code: POSGEL

- Easy to apply - no bleeding of fluid
- Precise correction/deletion possible
- Will not attack the oxide surface of the plate
- Removes all coating residues from the plate pores

Packing: 100ml bottle / 10 x 100 bottles per box

## REVIVE! Blanket Repair

### Code: RBR250

Allows a print run to be completed despite a smash. Apply REVIVE! to the affected area using the brush applicator. Leave for several seconds and wipe clean. REVIVE! will swell the low spot back to its original level without damaging the blanket. Supplied with brush applicator.

Packing: 250ml can / 6 x 250ml cans per box
